Katie has wanted to be onstage for as long as she can remember. She arrived at her audition hoping to really impress the Judges.

However, things didn’t go according to plan – she forgot the words and had a couple of false starts. Things weren’t looking good for Katie, but when she started to sing, it became clear that she had real talent.

Katie progressed through Bootcamp to the Judges’ Houses stage, where she thoroughly impressed her mentor. She can’t wait to step onto the *X Factor* stage and show the UK that she is the next big thing!
